PROFILE

I am a Self Starter-"Once I'm clear on what the task or project is, I'm good at determining the best way to accomplish it.", A Team player who believe in the value of collaboration and a Goal oriented person who strive to do the best I can for whatever task is presented to me

PROFESSIONAL EXPERIENCE

Kotaicode, Germany
Junior developer

May 2021 - present

EDUCATION

Govt. Engineering college, Palakkad
Bachelor of Technology
Department of Electronics and Communication Engineering

August 2016 - September 2020

CGPA: 7.14

St. Augustine's HSS Ramapuram, Kottayam
Plus Two in Biology Science.
Kerala State Board Exam

July 2013 - May 2015

Overall Percentage: 89.58

St. Thomas HSS Mayannur, Thrissur
SSLC.
Kerala State Board Exam

June 2012 - March 2013

Overall Percentage: 93

PROJECTS

TRAFFIC RULE VIOLATION DETECTION USING IMAGE PROCESSING

The aim of the project is to detect whether the vehicle exceeds its speed above the normal speed allowed by the law using Image processing technique. Along with that, to track the vehicles which violate traffic rules like driving without helmets, driving with more than two people at a time(two wheelers). All these detections are performed using Image processing.

PORTABLE VENTILATOR

In this difficult time of pandemic we came up with the idea of an portable mechanical ventilator , which could support those who are severely affected by the corona virus. It provides assistance in breathing, but unlike other ventilator in market it doesn't have much ill effects. The whole system is controlled by a microcontroller, which is under the supervision of a mobile application

ACADEMIC INTERNSHIPS

Keltron

Interned at Keltron REC-H249, Thrissur in Planning company LAN, Transmission media Devices, Implementing Company LAN, Troubleshooting company LAN

Laxmiinfotek

Has undergone Industrial Training at this organization in application development using AVR along with manufacturing management and marketing process.

TECHNICAL STRENGTHS

Programming	Basic knowledge of C and Python
Front-end Development	HTML, CSS, ReactJS
Back-end frameworks	Python Flask, Nodejs Express
Circuit Design	KiCad, Proteus
Micro controllers	AVR, Arduno, 8051

LANGUAGES

Malayalam	Written, Spoken
English	Written, Spoken

AREAS OF INTEREST

Web Development.

Software Development.

Robotics.

Embedded Systems.

IoT

CAREER GOALS

Secure a responsible career opportunity to fully utilize my training and skills, while making a significant contribution to the success of the company.
